**Re: Groundwater Superseding Permit No. G4-25953(A2)P**

Dear Mr. Buchholtz:

This letter acknowledges that Ecology has received your January 21, 2016, letter of request for extension and paid fees for the Groundwater Superseding Permit referenced above. After careful review of the file referenced above and after our phone conversation dated February 18, 2016, it is apparent that Superseding Permit No. G4-25953(A2)P has been prematurely moved to the *Proof of Appropriation* stage, when in fact the construction has not yet been completed. To that end, Ecology is remanding said Permit to the *Completion of Construction* stage.

In response to your request, you are hereby **granted** an extension to complete construction for the reason(s) below:

- The owner wishes to drill another well originally authorized in the superseding permit and gather new metering data from said well.

The new deadline to submit your *Completion of Construction* is October 1, 2017.

**YOUR RIGHT TO APPEAL**

You have the right to appeal this Decision to the Pollution Control Hearings Board (PCHB) within 30 days of the date of receipt of this Decision. The appeal process is governed by Chapter 43.21B RCW and Chapter 371-08 WAC. "Date of receipt" is defined in RCW 43.21B.001(2).

To appeal you must do all of the following within 30 days of the date of receipt of this Decision:

- File your appeal and a copy of this Decision with the PCHB (see addresses below). Filing means actual receipt by the PCHB during regular business hours.
- Serve a copy of your appeal and this Decision on Ecology in paper form - by mail or in person. (See addresses below.) E-mail is not accepted.

You must also comply with other applicable requirements in Chapter 43.21B RCW and Chapter 371-08 WAC.
